# THE BASIC NEEDS FUND

**100% Donor-Supported**  
**0% Overhead**

Wheeler's Basic Needs Fund addresses environmental and social factors that interfere with a patient's health and well-being, but which are not addressed through their own resources or other programs. It's benefited more than 9,500 patients since 2018.

The fund is **wholly donor-supported**, has **0% administrative overhead**, and allows our community health workers and staff to immediately and flexibly address conditions that might lead to poor health outcomes. It addresses the basic needs of life such as: food, transportation, clothing, shelter, medications, or other items. The stories of how it changes lives are countless...

One patient was **ready to start a construction job**, but **could not afford boots**. Through the Basic Needs Fund, he was able to buy work boots, start the job, and support his family.

## READ HOW YOUR DONATIONS HELP OUR PATIENTS

*"I honestly did not have enough money for any type of dinner this year. The people who helped me should know I appreciate it a lot and in the future I will do my part to pay it forward. It's inspiring to know people care, and it's motivating me to put myself in a position to help others in the future when I'm in a better spot. Thank you all."*

**- A patient who received one of our Thanksgiving bags**

*"Thank you so much! I am so grateful for your generosity. We have struggled to make ends meet because we are disabled and can't find work. Thank you for the gift of hope."*

**- A patient who benefited from our Basic Needs Fund**

*"Thanks to the Basic Needs Fund, I was able to provide my five-year-old child with lunch for the week."*

**- A thank you note from a family we serve**
